Customer (print name) _____ agrees to hire Chris Vallone & Classic VW Bugs to perform a full restoration on a (year) _____ VW Beetle.
Sedan ___ Ragtop ___ Convertible ___.

Customer will make an initial payment to Classic VW Bugs upon execution of this agreement. Payments are due upon receipt of invoices.

Any account that has not been paid within thirty (30) days after receipt of an invoice will be subject to a storage charge at the rate of \$250.00 per month. In the event this occurs, balance must be paid in full before work continues on the Beetle.

Should you be unable to remain current with your payments, please notify Classic VW Bugs in writing so that we can adjust the work schedule or suspend work to conform to your planned payment schedule. We encourage you to discuss the situation with us so that we can try to accommodate you in the best manner possible.

If Classic VW Bugs discontinues or suspends work on your vehicle prior to completion of the restoration project due to delays in payments, Classic VW Bugs will not be responsible for maintenance, upkeep or any longevity of work already performed. Should any rework need to be done, it will be at the full expense of the customer.

If your vehicle remains in storage for more than three (3) months, unless otherwise agreed to in writing, Classic VW Bugs is authorized to dispose of the Beetle and any other property associated with the Beetle as we see fit. Customer will be provided written notice at least ten (10) days in advance of our intent to dispose of the Beetle.

Classic VW Bugs is committed to providing the highest quality and most authentic restoration reasonably possible. The condition of your Beetle and your financial commitment to the restoration project are keys to our success. Many parts, particularly mechanical parts, will be the existing old parts whose durability we cannot always guarantee. We cannot guarantee the condition of your vehicle as a new car manufacturer would; however, we do give a limited warranty against certain defects in workmanship or materials and will pass along to you any warranty applicable to parts manufactured or supplied to us by others.

****Please bear in mind, we do strive to find the best NOS or exact replacement parts available. However, we do not have any control on the "quality" of new parts purchased.****

****All of our Beetles will be thoroughly examined and tested for safety and durability before release.****

Full photo and video documentation will be produced during the ongoing restoration. We encourage you to contact us or schedule a time to visit your vehicle as work proceeds. If you have any questions about materials being used or work being performed, please ask. We want you to be satisfied with your restoration project.

This agreement is understood to be the complete and exclusive agreement between Classic VW Bugs and the Customer, superseding all prior agreements, oral or written, and all other communications between the parties relating to the subject matter of this agreement, unless modified in writing and signed by both parties.

Payment Terms: By the assessment and examination of your Beetle.

Milestone 1 Initial Down Payment: 50%

This will cover teardown, the ordering of parts, prep for paint, and the start of the restoration process.

Milestone 2 Launch to Paint: 25%

Paint, return to shop for Assembly, restoration of Beetle continues.

Milestone 3 Completion: Final 25%

No Beetle will be released until all funds have been received and cleared.

This estimate is for completing the job as described above. It is based on our evaluation and does not include material price increases or additional labor and materials which may be required should unforeseen problems or adverse conditions arise after the work has started.

Once the car is completed and all payments have been received and cleared by Classic VW Bugs, you will be contacted so that shipping arrangements can be made.
